

VSWG Green Mountain Challenge

Welcome to the VSWG Green Mountain Challenge! In honor of 90 years of great golf, and starting in 2020, the VSWG is challenging its members to play many (or all) of the golf courses this amazing state offers. Any course that is played during State Days or Major Tournaments qualifies for your total (but each course can only be counted once). This challenge starts in 2020, is open-ended and will carry over into future seasons. At the time of this handbook, there are 52 eligible courses to play. The VSWG asks that you track your participation and send in updates when you reach 15, 25, 35 and 50 courses. You will receive a certificate for reaching each milestone and your name will be included in our honor roll of players in future Member Handbooks. Get your friends involved and start exploring Vermont courses that you may not have played before (or haven't played in a while.)

- 1 Alburg Golf Links
- 2 Bakersfield CC
- 3 Basin Harbor Club
