

VSWGGA Green Mountain Challenge

Welcome to the VSWGGA Green Mountain Challenge! In honor of over 90 years of great golf, the VSWGGA is challenging its members to play many (or all) of the golf courses this amazing state offers. Any course that is played during State Days or Major Tournaments qualifies for your total (but each course can only be counted once). This challenge started in 2020, is open-ended and will carry over into future seasons. At the time of this handbook, there are 52 eligible courses to play. The VSWGGA asks that you track your participation and send in updates when you reach 15, 25, 35 and 50 courses. You will receive a VSWGGA Pin for reaching each milestone and your name will be included in our honor roll of players in future Member Handbooks. Get your friends involved and start exploring Vermont courses that you may not have played before (or haven't played in a while.)
