

## VSWGGA Green Mountain Challenge

The VSWGGA is challenging its members to play all of the many golf courses in our amazing state. Get your friends involved: Start exploring Vermont courses that you may not have played before or haven't played in a while! Any course that is played during State Days or Major Tournaments qualifies for your total. Each course may only be counted once. This challenge started in 2020, is open-ended, and carries over into future seasons. There are currently 53 eligible courses to play. Use this page to track your progress. When you reach 15, 25, 35 or 50 courses, take a photo and email to VSWGGA. You will receive a VSWGGA Pin for reaching each milestone and your name will be included in our honor roll of players in future Member Handbooks.
